Mrs. Karen Bowen

I again want to thank you from the bottom of my heart for all the selfless contributions and sacrifices that you have made in helping me raise my son, Brandon. I am forever indebted to you and all the teachers on your staff who over the past 9 years have taught him, been patient and caring with him and helped instill the proper Christian values that seemingly are no longer taught in most schools today. I could not recommend Fellowship Christian Academy enough to any parent looking to find a reputable school in a small caring environment that will instill the Christian values that have been lost in our society today and at a reasonable price. I too have grown in my faith through the school and grown to see the outstanding Christian young man that my son has turned out to be, it is a reflection of the school and its dedication to education and religious principles. And I greatly appreciate that. The school's motto speaks volumes, "Train up a child in the way he should go; and when he is old, he will not depart from it". (Proverbs 22:6) I too have tried to live by this motto myself, to raise my son with the values he will carry with him for the rest of his life.

So, thank you for your years of dedication and the prayers that you have given me and my family. May God continue to bless you and your mission at Fellowship Christian Academy and in the endeavors that you have in your new location. I will so miss your school and I know my son will too.

With my heart-felt gratitude and love,

Dave Flores
